

UNITED ANIMAL FRIENDS

ON A RESCUE MISSION

Courtesy Listing (CL) Policies

- **A potential Courtesy Listed dog must be current on vaccines (Distemper and Rabies) and must be spayed/neutered prior to entering the Courtesy Listing (CL) program. A copy of these vaccines must be on file with UAF.**
- Dogs must be securely leashed and under the control of the owner/handler (no prong collars, choke collars or retractable leashes). A secure harness is strongly recommended.
- Do not bring rawhides or long-lasting chews to adoption events. Small treats are allowed.
- Do not bring dogs with a contagious illness to adoption events.
- Please be considerate of other dogs and handlers at adoption events. Allow an adequate amount of space between dogs until it is clear that they are comfortable with each other.
- When approached about adopting your dog, please ask potential adopter to fill out an application, found on our website under Adoptable Dogs, and refer them to the event manager or our Courtesy Listing volunteer with any questions they may have about the adoption process.
- If a potential adopter inquiry comes through the UAF website or a UAF adoption event, the adoption is to be conducted through UAF. CL owner IS permitted to adopt their dog out privately, if they locate an adopter outside of UAF channels. Please inform the CL Coordinator if/when the dog is adopted privately.
- After 3 months on the UAF website with little or no interest or owner participation, the dog will be removed from the CL program.
- Termination of CL Agreement: Either party (UAF or the dog's owner) may terminate the CL Agreement and remove the dog from the CL program at any time.
- UAF reserves the right to choose not to adopt to those owners who list their dogs as a courtesy listing with our organization.
